

## Schedule "A"

### Application for Water and Sewer Lateral Connections

Applicant and Property Owner's Name: \_\_\_\_\_

Billing Address: \_\_\_\_\_

Phone Number(s): \_\_\_\_\_ Email: \_\_\_\_\_

Property: Block \_\_\_\_\_ Lot \_\_\_\_\_ Subdivision \_\_\_\_\_

Proposed Installation Date(s): \_\_\_\_\_

#### Terms and Conditions

The Village may not possess detailed records of the mains which will service your property.

The cost of the installation of the laterals which connect the mains to the service that will be installed on your property are dependent on several variables some of which are:

- Cost of length of the lateral pipes which run from the utility mains to the property line;
- Cost of inspection chamber;
- Cost of the valves and associated fittings; and,
- The excavation and backfill costs which are dependent on the length and depth of the excavation.

The below estimates provided by the Village are not quotes and should be used for guidance only.

I, the above-noted applicant and property owner, request that my property be connected to the Village of Haines Junction Water and Sewer Utility, I agree to pay all costs associated with making the required connections, and I agree to the above terms and conditions.
